BREASTFEEDING SAVES LIVES

Gaza Infant Nutrition Alliance

GINA'S vision is to ensure infants in Gaza receive the best possible nutrition with special focus on breastfeeding as a life-saving intervention

We want every infant in Gaza to receive the best start in life through breastfeeding, laying down the foundation for a healthy and resilient generation

GINA trains and supports healthcare workers in Gaza to provide breastfeeding support to mothers and their families.

- 128 face-to-face sessions with mothers and infants in Gaza
- 12 trained healthcare workers in Gaza
- 100 mothers have joined our peer-to-peer support network
- Over 58 virtual sessions with mothers in Gaza

BREASTFEEDING SAVES LIVES

THE IMPACT OF YOUR CONTRIBUTION

The money you raise will go directly to helping infants in Gaza get the best possible start to life through breastfeeding.

These babies, their mothers and their families, are experiencing unimaginable hardship. Sadly, we can't stop the conflict surrounding them, but we can help lay down the foundation for a healthy, resilient generation.

\$50

Will pay for a breast pump to help mothers express milk for premature babies

\$150

Will enable a healthcare worker in Gaza to run a breastfeeding service three-days a week for one month

\$300

This will pay for a reconditioned tablet or laptop to provide remote breastfeeding support and training to Gazan breastfeeding advisors

\$500

Will pay for a new baby-friendly room with breastfeeding support materials

\$10000

Would provide 10 mothers with emergency nutrition parcels for one month

\$50000

Will provide six months of training and support for more than 50 healthcare workers supporting mothers and infants
